

Air Knives Single Flow slim RA-3 450

Ref. RA-3 450 --

Air curtains cover a large width with an air knife. The air flow released at high speed is uniform over the entire length of the air curtain. They are ideal for rapid blowing and drying applications. Single-flow air curtains amplify the air 25-fold. The RA-3 are specifically designed for tight spaces, thanks to their small size: height 22.1mm.
